## Saturday's Race at the Bay Will Fairly Test the Futurity Winner's Quality -Sysonby to Go in the Century-Win nings to Date of the Great Keene Colt.

Ormondale, the winner of Saturday's Enturity, will have numerous chances to prove his worth during the present meeting at Sheepshead Bay, as he is well engaged and will meet some of the best two-year-olds in training if nothing happens to keep him in the barn. He is eligible for the Autumn Maiden Stakes, to be run this afternoon, but Trainer Welsh will not start him, as the son of Ormonde is entitled to a rest after his brilliant race of Saturday. He is also eligible for the Partridge Stakes, to be run on Tues-day, but it is also probable that he will be kept out of it, as the Dash Stakes, to be run mept out of it, as the Dash Stakes, to be fun on Thursday, may be more to his liking. In the Dash Ormondale, if he starts, must take up 127 pounds, with Bridgeman, Don Diego, Phidias, Esoteric, Sir Huron, Timber, Belmere, Voorhees, Kinleydale, Blair Athol, Yankee Consul, Brookdale, Nymph, Juggler and other good voungsters who are liable to go.

good youngsters who are liable to go.

If Ormondale is kept out of this event, he will surely go to the post in the historic Flat-bush Stakes of \$10,000, which will be run next Saturday. The distance is seven furlongs, or a furlong further than Ormondale traveled in the Futurity. By a special arrangement of weights, including penalties and allowances, Ormondale will carry 120 pounds, which in-cludes a penalty for winning the Futurity. He will meet a powerful field, of much more quality and class than that which he defeated in the Futurity, inasmuch as the best eligibles include Burgomaster, Battleaxé, Pegasus, Yankee Consul, Timber, Belmere, Blair Athol, Gallavant, Whimsical, Esoteric, Clark Griffith, Oakjawn, Phidias, McKittredge, Flip Flap, Security, Geo. C. Bennett, Accountant, Jerry Wernberg, First Water, Don Diego and Bridgeman. If Ormondale can beat this lot he will be clearly entitled to be called the champion two-year-old of the year, or at least he can claim equal honors with John Sanford's Mohawk II., who went wrong just at the eve of the Futurity.
Ormondale's other engagements at the Bay

are the Sapphire Stakes, Autumn Maiden Stakes, the Flight, the Golden Rod and the Great Eastern Handicap, in which he will have still another chance to show how great a colt he really is. In looking over the result of the Futurity, horsemen reached the con-clusion yesterday that Ormondale beat one of the poorest fields that ever went to the post for this turf classic. But they did not detract from the merit of the Ormonde colt's performance, for the reason that he ran the distance over a track that was cuppy and dead in the record time hung up by Artful last year over a track that was lightning fast. That Ormondale is a high class colt none of the turf sharps deny, but there are so many excellent two-year-olds who did not run in Saturday's race that a general hesitancy to haft the Ormonde colt champion is con-spicuously prevalent. For that reason it is hoped that Trainer Weish will start the Futurity winner in a race with as many of the youthful stars as possible.

Sysonby will probably be a starter in the

rich Century Stakes, for three-year-olds and upward, one mile and a half, also to be run next Saturday. On past performances and after scanning the eligible list it looks to be an easy race for the famous Melton threeyear-old. Agile, Broomstick, Eugenia Burch, Adbell, Woodsaw, Dolly Spanker, Councilman and The Picket are about the hest of those who can meet Sysonby, which means that the latter will be a prohibitive favorite, as it is not believed that any of this bunch is able to make the Keene horse stretch his neck. Artful, unfortunately, was not entered in the Century, but the famous mare may be seen in either the Dolphin Stakes to-morrow, the Twin City Handicap on Wednesday or the Reapers Stakes on Thursday. Another interesting event this week will be the Great Filly Stakes on Wednesday, for which the leading eligibles are Last Cherry, Edna Jackson, Curiosity, Sahara, Home Rule, Lady Valentine, Running Water, Single Shot, Sue Smith and others. Sahara and Home Rule, owned by James R. Keene, are daughters of Commando and have not yet started, although it is said they have shown much in their trials to recommend

Having passed the \$100,000 mark in winnings for this season and having won a grand total Keene colors, Sysonby is in a fair way to reach the \$200,000 class, which will place him on the limited plane with Domino, Isinglass, Donovan, La Fleche and Sceptre in this re spect. Sysonby has already supplanted Kingston as the second greatest stake winner in America, and must win a trifle more than \$50,000 before he retires to equal the record hung up by the never to be forgotten Domino. Kingston won \$142,562 and Walter captured \$124,562, only to be pushed back by Sysonby, who has, incidentally, broken the records of such cracks of the old world as the unbeaten Ormonde, Sure Foot-Galtee More, Lord Lyon, Tristan, Sea Breeze, Thebais, Robert the Devil, Epsom Lad, Achievement, Janette and others. There are only eleven horses in England that have won more money than Sysonby. The Keene colt heads the list of winning three-year-olds in this country, with \$110,850. Hanover is second. having won \$89,827 in 1887, with Tournament, who won \$89,755 in 1890, third. Domino also leads Sysonby as the largest two-year-old. Donovan, an English horse, year-olds, with a grand total of \$190,400.

The horse Grapple, who won the last race on Saturday, was owned by the Master of Hawthorne recently, but is now running in the name of D. H. Barnes, said to be a relative of Corrigan. When Grapple came home with the owner of the second horse, First Mason with a tip, the result of which was that Rowe

the money, somebody hurried to C. E. Rowe, the owner of the second horse, First Mason, with a tip, the result of which was that Rowe protested against Grapple receiving the long end of the purse, and the stewards decided to look into the matter at much length. Corrigan has never been ruled off the Eastern tracks, but he was made to understand some time ago that his presence and horses were mot desired. He has been the leading factor in the American Turf Association in the West, which has practically beaten the old Western Jockey Club to a standstill. With the work of corrigan and his friends desire to face in the East's and his friends desire to face in the East's association a stated zim, and at the same time will collect a daily tariff of \$12 desired in the same time will collect a daily tariff of \$12 desired in the same time will collect a daily tariff of \$12 desired in the same time will collect a daily tariff of \$12 desired in the same time will collect a daily tariff of \$12 desired in the same will collect a daily tariff of \$12 desired in the same will collect a daily tariff of \$12 desired in the same will collect a daily tariff of \$12 desired in the same will collect a daily tariff of \$12 desired in the same will collect a daily tariff of \$12 desired in the same will collect a daily tariff of \$12 desired in the same will collect a daily tariff of \$12 desired in the same will collect a daily tariff of \$12 desired in the same will collect a daily tariff of \$12 desired in the same will collect a daily tariff of \$12 desired in the same will collect a daily tariff of \$12 desired in the same will collect a daily tariff of \$12 desired in the same will collect a daily tariff of \$12 desired in the same will collect a daily tariff of \$12 desired in the same will collect a daily tariff of \$12 desired in the same will collect a daily tariff of \$12 desired in the same will collect a daily tariff of \$12 desired in the same will collect a daily tariff of \$12 desired in the same will collect a daily tariff of \$12 desire

CYCLISTS IN A DEAD HEAT.

Lawson Refuses to Ride Again, and Kramer Goes Over Track Alone.

By racing Champion Frank Kramer dead heat in the one mile national circuit bicycle championship at the Vailsburg board track last Saturday night, Iver Lawson proved conclusively that he is Kramer's most danger-out competitor in the present champions hip race. Lawson's refusal to run off the tie and Kramer's subsequent walkover gave the five time champion a better hold on the leading position, increasing his score from 17 to 20 points, while Lawson's annexation of three points, while Lawson's annexation of three points for second place raised his total from 13 to 16 points; and as Fenn failed to get a place he dropped to third position with 14 points, Lawson stepping into the vacant

The sensational dead heat in the final of the championship race was the feature of a night of spirited races. By the unexpected victory of Lee in the first semi-final Fenn was shut out, and both he and Lawson, who was shut out, and both he and Lawson, who qualified for the final by getting second place, entered a protest against Lee on the ground of "elbowing." Lee denied the charges and alleged that there was a combination to "do" him, which had falled, hence the accusations. The protests were disallowed, and this brought Lee and Lawson and Kramer and Dorlon to the tape for the final heat, the champion qualifying after a very narrow escape from being shut out by Fogel in his heat.

escape from being shut out by Fogel in his heat.

On the third lap one or two fake sprints were started, and at the bell Dorlon went away with Kramer nicely hooked on to his rear wheel. Lawson sprinted and in a twinkling had passed Dorlon and opened a gap of several yards on reaching the last turn. Kramer went after Lawson in what seemed a hopeless chase. Once straightened out, however, he treated the 5,000 spectators to as fine an exhibition of speed as has ev r been witnessed on a track, collaring his man as they flashed across the tape seemingly yoked together. The three judges were of a single mind, that it was a dead heat, while three other officials, also on the tape, were of a like opinion.

three other officials, also on the tape, were of a like opinion.
When called on to ride off the tie, as called for by the rules of the U. C. A., both Kramer and Lawson evinced a decided unwillingness to do so. The referee insisted that the men should ride, whereupon Kramer ap-

ness to do so. The referee insisted that the men should ride, whereupon Kramer appeared on the track and rode four times around it alone.

The five mile professional handicap furnished an interesting race. The field bunched before a mile had been ridden, but the prize of a dollar a lap kept the men going at a good clip. At the bell lap Fenn assumed the lead and was never headed, crossing the tape a winner by a comfortable margin.

In the absence of Ruppert, Sherwood, Ernest and others of the amateur brigade, Teddy Billington and Jimmy Zanes made the fight for surpremacy in the quarter mile open. The former 'pride of Valisburg' managed to get his front wheel over the summaries:

Summaries:
One Quarter Mile Novice—Won by Louis Thomas, Newark, N. J.; Carl Ericson, Monitor C. C., Brooklyn, second; E. Thomas, Newark, N. J., third. Time. I minute 11 2-5 seconds.
One Mile National Circuit Championship—Won by Frank Kramer, East Orange, N. J.; Iver Lawson, Sait Lake City, second: W. R. Lee, New York, third; Oliver Dorlan, Coney Island, fourth. Time, 8 minutes 22 seconds.
One Quarter Mile Open, Amateur—Won by Teddy Billington, National A. C., Brooklyn,; Jimmy Zanes, New York A. C., second: Affred Ashursi. One Quarter Mile Open, Amateur—Won by Teddy Billington, National A. C., Broedlyn:, Jimmy Zanes, New York A. C., second: Alfred Ashurst, Newark, N. J., third: George Wiley, Syracuse fourth. Time, 32 seconds.
Unknown Distance Race, Amateur—Won by Alfred Ashurst, Newark: H. M. Kuehne, New York, second: H. Vanden Dries, New York, third: W. J. Kluczek, West Orange, N. J., fourth. Time, 12 minutes, 4 1-5 seconds. Distance, 434 miles.
Five Mile Handicap, Professional—Won by Willie Fenn, Bristol, Conn.: W. R. Lee, New York, second: Menus Bedeil, Lyphorok, L. I., third: Oliver Dorion, fourth. Time, 12 minutes 8 2-5 seconds.

WILCOX WINS CYCLE RACE. Past Time in Annual Event of Century

Road Club Association. VALLEY STREAM, L. 1., Aug. 27 .- Riding with a handleap of six minutes, Arthur R. Wilcox of the Park Circle Cycling Club

ing with a handicap of six minutes, Arthur R. Wilcox of the Park Circle Cycling Club won the annual twenty mile road race of the Century Road Club Association, held this afternoon. James T. Halligan, a four minute man, won the first time prize, covering the distance in the remarkably fast time of 48 minutes 39 1-5 seconds.

Although a strong northerly wind was blowing, the course-from Valley Stream to Freeport and to Springfield and return—was ideal for road racing, which accounts for the fast time. Nearly 1,000 spectators was at the starting and finishing point.

As the scratch riders came up the stretch, sprinting for all that was in them, the crowd at the tape to get a better view of the struggle surged forward and completely closed the way that had been marked off for the riders to come through. The result was that Frank W. Eiffer and L. J. Weintz came together and, as the riders were going fast, a dozen people at the finish were bowled over like tenpins. Fortunately nobody was hurt. After the race Weintz filed a protest claiming that Eiffer had deliberately fouled him, but after discussing the matter for over an hour the protest was relegated to the waste basket. Summary:

Frayer-Miller Car Beats World's Record in

Non-Stop Auto Bun. LONG BRANCH, Aug. 27 .- The six day auto non-stop reliability and fuel contest was fin-ished at 3:26 o'clock this afternoon. The Frayernon-stop relability and the concess was insided at \$2.26 o'clock this afternoon. The Frayer-Miller car entered by the Oscar Lear Motor Car Company of Columbus, Ohio, established a world's record, 3,208 miles in 159 hours and 24 minutes and a non-stop run of 1,866.4 miles in 98 hours and 58 minutes. The Corbin and Wayne cars finished shortly before midnight last night. The Corbin car covered 2,321.6 miles, and the Wayne 1,902.6.

The Frayer-Miller car made a non-stop run up to Aug. 28 at 11:38 A. M. of 59 hours and 4 minutes and 1,288.3 miles. The car was then run for a portion of a lap and one whole lap, making 47.3 miles in 2 hours and 4 minutes. The carbureter was then cleaned and the gasoline pipe soldered. Starting at 2:40 o'clock on Wednesday and continuing until 3:33 P. M. to-day, F. W. Moskovics and Mr. Frayer alternated as drivers. The Frayer-Miller's record for six days was 2,915.2 miles.

Club Cups. Long Branch, Aug. 27.—The final race for the Monmouth Yacht Club cups was sailed to-day in record time. Arthur Byron's Luck won, covering the course in 41 minutes. Reginal Pelz's Pollywog was second, William Nash's Cocktail, third, and Emanuel Ulman's Spindrift fourth. The race was sailed in half a gale. The yachts were well bunched at the fluish

MUSTARD MAKES MARE GO.

IN BRUSH WITH BONNIE BETSY, WHO RUNS AWAY.

Speedway Cop Halts the Flying Betsy -The King Reappears on the Brive -Trotter Prince a New Candidate for Honors-Peter Sheldon is Prominent.

Speedway sport was in full swing ye sterday when the pacer Mustard, 2:08½, driven by Charles Weiland, and the trotter Bonnie Betsy, 2:20½, with W. J. Kenney at the reins, came down the stretch in a keen tilt. Mustard was leading, but the daughter of Bonnie Bay, under a stiff drive, was pressing her close for the final honors. Ten lengths from the finishing post Bonnie Betsy could no longer stand the strain, and she broke into

In his anxiety to help her forward Mr. Kenney was unprepared for a restraining movement, and before he could get the reins in position the mare was running wild. Mounted Policeman Lewis was at the finishing post, and he saw that help was needed. Washington Bridge was reached the cop had his hand on the runaway's bridle,

The sport opened with a brush between Mustard and the chestant pacer King Tom, 2:19%, driven by young Mr. Hackett. The Cleveland cup winner has had a long letup and she was clothed with speed, so that the heat was simply a procession, King Tom chasing her from start to finish. The second heat was a different story. Mustard sprinted away in front, but after passing the quarter-mile post King Tom began to close on her. In the final raily Mustard showed her lack of condition by making a tired break and King Tom beat her.
In the third brush George Klotzbach sent

Col. Greene's erratic trotter Boralma's Brother to make it three cornered. King Tom set the pace so fast that before reaching the quarter mile post Mustard made a break and was taken in hand. Boralma's Brother finished a good second. It was after this brush that Mustard carried Bonnie Betsy to the break that caused her to run away. Nothing daunted, Mr. Kinney drove back for another tilt with ithe fleet ipager, and by persistent driving he managed to hip the heat

Mr. Lewis of Saginaw, Mich., brought out a new candidate for Speedway honors in the bay trotter Primos, 2:15. John Kelley of Directum fame sat behind the newcomer and drove him to several good victories. One of his best brushes was with Bonnie One of his best brushes was with Bonnie Betsy. The Buffalo bred mare was beginning to get a little leg weary after her run and the close brushes she had won, yet she hung to Prince so persistently that at the wire she carried him to a break.

After Boralma's Brother had finished second to King Tom he was sent three tilts against the Grand Circuit trotter James Shevlin, 2:134. The latter was not thoroughly warmed and he made a break and was beaten. In the second heat a tire collapsed on the wagon he drew and he was taken in hand.

The third brush was lively from start to finish and James Shevlin won. In his next start Boralma's Brother best a fast field. It included Thomas B. Leahey's trotter Santos, 2:21'4; Henry Heuman's chestnut pacer Harry Van 2:21.

With Boralma's Brother out, Harry Van and Santos had a ding dong heat, finishing scarcely heads apart with Harry Van in front. In the next brush Thomas Lewson sent the black pacer Moriey King to make it three-cornered, but he was hotheaded and did not figure in the final result. Harry Van and Santos had another tilt, the former winning. Santos won a good brush when he met the midget trotter Little Kate, driven by E. W. Leonard.

S. T. De Lee, driving the bay pacer Peter Sheldon, was one of the most prominent winners. In the first start Peter Sheldon finished in front of King Tom in a pretty race.

Peter Sheldon also won from a fast field the included Gracial Pandit 2, 234's Rhythmic Betsy. The Buffalo bred mare was beginning

Pretty race.
Peter Sheldon also won from a fast fleid that included GracielPandit, 2:25½; Rhythmic, Jr., 2:24½; The King, 2:10½, and Little Kate.
The only brush Peter Sheldon lost was when he met the trotter Prince, driven by John

he met the trotter Prince, driven by John Kelley.

The former favorite, The King, 2:10%, made his first appearance in many weeks and finally warmed into something like his old time form. George Huber's trotter Rhythmic, Jr., 2:24%, with Trainer Clark up, and The King, driven by M. L. Simon, had three merry tilts, the former winning the first and second, when The King lost his balance. In the third The King won in a jog.

Elmer Stevens was behind a big good gaited trotter named Big Frank. In a brush with Rhythmic, Jr., and Little Kate, Big Frank was a winner. James A. Murphy, just back from Saratoga, drove the bay pacer Wesley R., 2:10. As there were no pacers present in his class, Wesley R. was sent against the trotters. He beat Boralma's Brother in a pretty finish, and with Prince as an added starter, Wesley R. won again. Wesley R. won again.

ROWING.

Harlem Regatta Association Plans Fall Meet-Training News and Gossip.

Harlem oarsmen are evidently unsatisfied local waters this year, and with the idea of giving them a few more contests before the season closes the Harlem Regatta Association proposes to give a fall regatta. For the purpose of deciding whether or not the clubs are agreeable to the idea, a special meeting will be held at Pabst's Café to-night. Last year there was a fall regatta and it proved very successful, but in the opinion of the paramen it was held too late, the date being the last Saturday in September. A week or two earlier would be preferred, for in that case two earner would be preferred, for in that case the rowing men would not have to train so long and they would just have a reasonable rest after the Labor Day races. Another point discussed at length yesterday was the size of the program, and the general opinion prevailed that about a dozen events would be sufficient. In every regatta the senior eight shell is one of the standard events, but should this meet materialize it will be one of the first races to be dropped, for only senior crew could be mustered on the Harlem just now.

The crews and scullers to a man who will go to Philadelphia on Labor Day we re out yesterday and all worked hard. A spectacular pearance daily of the three octoped crews

feature of this fall training has been the appearance daily of the three octoped crews on the river. They were the Harlems, Mets and Unions, and all bound for this event at the Quaker City. Some interest was detracted from this race, however, by the fact that the Mets had in some way become discovered and had quit training. Jack Nagle had his men out twice yesterday and each trip made them pull like beavers and the Unions put in some stiff spurts along the Speedway.

David Brown, secretary of the Middle States Regatta Association, yesterday received two retries from the St. Mary's A. C. of Halifax, N. S. They are a semon four shell, composed of Alex Nelson, bow; Frank O'Neill, 2; John O'Neill, 3, and Patrick Meagher, stroke. O'Neill, who rows at 3, is the champion sculler of Nova Scotia, and besides rowing with the crew will have a try at the association singles. Fred Plaisted, the professional has been coaching the St. Mary's A. C. for the last three months and he says they are warm candidates. Fred is back on the Harlem again and will do a bit of coaching for the Palisades of Yonkers.

The Harlem scullers who are preparing for philadelphia were seen on the river and each man sculling in good shape. Fuessel spent about two hours on the water and Vesely took a long steady paddle as far as the ship canal. A number of local scullers will be seen in the Philadelphia race, including Sheptook a long steady paddle as far as the ship canal. A number of local scullers will be seen in the Philadelphia race, including Sheptook a long steady paddle as far as the ship canal. A number of local scullers will be seen in the Philadelphia race, including Sheptook a long steady paddle as far as the ship canal. A number of local scullers will be seen in the Philadelphia race, including Sheptook a long steady paddle as far as the ship canal. A number of local scullers will be seen in the Philadelphia race, including Sheptook a long steady paddle as far as the ship canal. A number of local scullers will be seen in the Philadelphia sculls.

For the first time aince their return from Germany Mulcahy and Variey were seen together on the water yesterday. They took a long row, but would not say if they had their eye on any event in the near future. A number of Harlemites would like to see Mulcahy and Variey pitted against Titus and Steinkamp.

Lively Gaelle Football at Horseshoers' Picnic.

The Journeymen Horseshoers Association The Journeymen Horseshoers Association' held its annual picnic and games at Celtio Park yesterday and a big crowd attended. A lively game of Gaelio football entertained the spectators for an hour. The teams were the Celtics and Horseshoers, the latter winning by 4 goals 5 points to 1 point. There were some events of professional foot racing, and E. Hjertberg, the trainer of the Irish A. A. C., won the half mile and mile, his time in the latter event being 4 minutes 40 seconds. AMERICAN LEAGUE.

Chicago White Sex Make It Six Straight From the Rectons.

CHICAGO, Aug. 27.—Chicago made it six straight from Boston to-day by taking two games. Gibson was wild in the first game and bases on balls, coupled with timely hits, gave Chicago enough runs to win. Barry pitched the last half of the game very creditably. Sixhits and errors by Selbach gave the second game to the White Sox in the sixth inning. The scores: CHICAGO (A. L.), 7: BOSTON (A.L.), 2—FIRST GAME.

WHAT THE PLAYERS HAVE DONE AT BAT AND IN FIELD.

Denlin, Keeler and Lumley the Leaders With the Stick of Their Respective Clubs-Sammy Strang Again Among the Elect-Deviln and Fultz Are Fleet.

The batting progress of the New York Nationals last week was attended by the re-turn of Sammy Strang to the elect, which same means .300 hitters. The team as a whole hit well last week, and a glance at the unofficial figures below shows the team average to be high and partly accounts for the premier position in the race. Donlin had a busy week with the willow and, like Strang. gained a few points. Bresnahan dropped a few, and McGann, who began the week poorly, braced toward the last and held his own. week and made a pronounced gain. Devlin continues to annex bases at a rapid rate, though closely pressed by Mertes and Dahlen. Donlin is the best run getter of the Cham-plons and soon will have crossed the plate

hundred times.
The New York Americans had a rather light hitting week, and a majority of the stickers of the Griffith clan fell off a point or so. One of those who gained was Joe Yeager, who pounded the ball merrily and advanced from ninth to fourth place. The newcomer, Delehanty, has been holding up his end with the wand and stands third in

The proportion of games won last week was good, as the hits were timely if not frequent. Keeler is not only the best batter, but leads in sacrifice hits and runs scored. Fultz excels as abase runner and was as dependable as ever in that regard last week. Jimmy Williams is batting weakly, but is

still fielding remarkably well, having the splendid percentage of .992.

Lumley, the leader of the Brooklyns, is not hitting quite so well as a week ago, while Gessler has improved. Schave Heine Batch, Jonny Dobbs and Jimmy Sheckard. There was not much change one way or the other among the transpontine troupe. The base running of Malay was worthy of note, stealing five pillows in the course of the week's campaign. Batch and Dobbs are the most active tallymakers. The National League rear guard still have, it on the two other Greater New York teams in the number of double plays touched off.

The following records include the games of last Saturday:

New York Nationals. Taylor... 28 56 9 7 .125 9 47 2 .886

Home Runs—Dahlen, 6; Donlin, 5; McGann, 4;

GRAVESEND YACHTS IN RUN. Vivian II. Leads the Fleet to Staten Island and Back.

The boats of the Gravesend Bay Yacht Racing Association assembled off the an-chorage of the Atlantic Yacht Club at Sea chorage of the Atlantic Facet Club at Sea Gate yesterday morning, waiting for the signal that would send them off on their first annual run. More than forty in all made up the flottills when F. J. Havens of the Marine and Field Club, who had been chosen commodore, ran up the blue peter at 10:30 o'clock in the morning for the first leg to the anchorage at New Dorp, Staten Island.

S. E. Vernon's beautiful white racer Vivian II. took the lead at once, with W. H. Childs's big cruising sloop Maydic a few seconds astern. The Maydic was sailed by Mr. Childs's son, as the owner was aboar, his racing yacht More Trouble. With young Mr. Childs were several of his classmates from Yale, who ntertained the nearby boats with college

entertained the nearby boats with college songs and cheers.

Close upon the leaders came J. B. O'Donohue's new N. Y. Y. C. So-footer Tabasco, with Mr. O'Donohue and a party from the Atlantic Yacht Club; the More Trouble, with Mr. Childs and a crew from the Bensonhurst Yacht Club; the Quest, with Commodore Havens and his wife, together with a party of friends from the Marine and Field Club; George E. Reiners in the Oignan, the only representative the Brooklyn Yacht Club sent to the run; the Bobtail, with E. F. Luckenback and his wife and a party of friends from Sea Cate; and D. S. Wylle of the Atlantic Yacht Club in his class P yacht Lizans.

Then in a long line came a number of sailing oraft and launches. All of the boats were loaded down with merrymakers to the total number of 140.

At the dinner at New Dorp, Alfred Mackay of the Bensonhurst Yacht Club announced that Commodore Havens had offered two cups to be raced for going home. S. E. Vernon's Vivian II. was the first boat to finish. It also made the best corrected time. The time cup, however, was given to More Trouble, the boat that made the second best time. Though the race was open to all only the racing boats competed. The summary was as follows:

FREE FOR ALL-FOR THE EAVENS CUPS—START, 3:45—COWNER, & MAUTICAL MILLS.

FREE FOR ALL—FOR THE MAVENS CUPS—START, 3:45—COURSE, 5 NAUTICAL MILES.

 LITTLE OKBE WINS.

Surprising Showing of New Rochelle Beat in Manhasset Cruising Race. The cruising race of the Manhasset Bay Yacht Club, in which seventeen yachts started on Saturday afternoon, was finished yesterday morning and it resulted in a great surprise. The winner was the little nineteen foot knockabout Okee, which nobody regarded as a possible victor. It is true she won on time allowance, but she finished sixth in the actual order and far ahead of many arger and supposedly much faster yachts arger and supposedly much faster yachts.
IThe Okee is owned by J. A. Mahestedt and
was entered from the New Rochelle Yacht
Club. She gets the Howard Gould \$700 cup.
The \$50 Schanck cup goes to the thirtyfooter Cara Mia, which took second place
on time allowance though she actually finished
in the first place. The Cara Mia represented
the American Yacht Club and is the property
of Stuyvesant Wainwright. The New Rochelle Club was in luck for another of its

match race this afternoon between the New-port thirty footer (arolina, and the NewYork boat Oriole for a cup offered by Vice-Com-modore Henry Walters, of the New York Yacht Club. The cup was won by the Caroline by a good margin. The race was sailed in a gale of wind blowing from the northeast, and while other craft in the bay were reefed these little racers were carrying full sail. The racer was made quite a society event. The steam yacht Narada, followed the boats over the course with a large party of guesta on board. On the Caroline with Pembroke Jones, were Elisha Dyer, Jr., Harold Vanderbilt, Oliver Harriman and Miss Delano, while with Mr. Delano on the Oriole was Miss Sadie Jones. The young women were oil.

NEW KILOMETER RECORD.

CAPE MAY, N. J., Aug. 27 .- Walter Christie

put the kilometer record for this course down o 28 2-5 seconds this morning, which is at the rate of 96 miles an hour, and captured no contests, but two or three thousand persons watched the four big racing cars in their record attempts. At first the cars tried for mile records, but later the timing device was moved for the kilometer attempts. The Bennett cup Fiat made but one trial, doing a mile in 40 3-5 seconds. One of its cylinders was oracked, and it had to be towed off the

Henry Ford made five trials for the mile record, the times being 43, 44 1-5, 44 3-5, 41 and 42 seconds. Mr. Ford said he was confident that his light machine could better the records made here if it could be tuned up

for a few weeks. A. L. Campbell drove the big Darracq over the mile course three different miles, the times being 40 2-5, 41 3-5 and 40 4-5 seconds. Christie made seven attempts on the mile record and did the fastest miles of the day, scoring 39 1-5 seconds twice. His other miles were made in 43 4-5, 39 2-5, 41 1-5, 42 1-5 and 41 seconds.

The former record on the beach here for a kilometer was 25 seconds flat, made by Christie last mor th. The world's record is 21 2-5 seconds, made by Baras with a Darracq in Belgium last year and equalled a few weeks ago by Clifford Earp with a Napier at Blackpool, England.

Campbell, with the big Darracq, made the first kilometer trial. He cut 4-5 of a second from Christie's old record. Then Campbell tried for a standing start record and made the distance in 43 seconds. Ford was the next to try, and he equalled Christie's 25 seconds. Campbell made four other trials with the Darracq, his times being 24 3-5, 24.

The professional competition which began Saturday at the Hollywood Golf Club course, with a thirty-six hole best ball match, was with a thirty-six hole best ball match, was continued yesterday, with a medal play competition of thirty-six holes, with Willie Norton. Deal, added. As the five men played together, the edge of the competition was taken off, and the scoring was not quite so fine as the day previous. Still two of the competitors were under bogy, one even wite and the other two several strokes over.

Anderson struck a clipping pace going out in the morning and should have had a 33, but he lost the chance by missing very short puts on the eighth, and minth holes. He played the most consistent golf, however, and led the field on the morning round, his nearest opponent being Isaac Mackie. He played the most consistent golf, however, and led the field on the morning round, his nearest opponent being Isaac Mackie, two strokes behind, the former being five strokes under bogy and the latter three. Willie Norton was one under and George Low all even, Bernard Nicholls being one over. Anderson kept up his steady work in the afternoon, for which he is famous the did the course in the par golf of 73 and won by a wide margin, doing the thitty-six holes. In 145, nine atrokes under bogy. Nicholls also showed fine form, doing a 74, and finishing second, with 152. The prize money was \$180. divided in \$50 for first, \$40 for second, \$35 for third, \$30 for fourth, and \$25 for fifth. The scores follow:
